

## Take Advantage of the Best Warranty in Agriculture

Why should you consider protecting all your farm equipment with the Total Protection Plan<sup>®</sup> from Cenex? It's a small investment to make in exchange for valuable coverage that pays off in more ways than one.

Think of it as a no-fault insurance policy—one that helps keep you in the fields when you need to be there. There's no burden of proof and no deductible, which can really pay off and help keep things moving during crunch times like planting and harvest.

The Total Protection Plan covers new equipment (including tractors and combines) for up to 10 years or 10,000 hours, and used equipment for up to 8 years or 8,000 hours. This warranty:

- Covers a wide range of equipment.
- Extends protection above and beyond your equipment manufacturer's warranty.
- Has no deductible.
- Requires no operator burden of proof.
- Includes periodic maintenance reminders to help keep your equipment in top condition.
- Helps avoid downtime through LubeScan™ fluid sample reports that provide insight into internal equipment condition.
- Transfers to purchasers of your equipment.
- Provides all this protection for just \$99 (new equipment) or \$199 (used equipment).

For more information on the Total Protection Plan or to request a warranty application, contact Two Rivers Cooperative at 800-223-5512.
